Hello Everyone Again. I GOOFED sorry, I forgot to include my name and phone number for validity.

MY NAME IS BILL BENNETT, PhD - MY PHONE NUMBER IS [1-541-754-5860](tel:1-541-754-5860) MY WEBSITE IS www.toomuch-bs.com

(as always **Please expand your screen so each item falls in line** - I would also suggest you do not download this to your txt msg on your phone)

HOPEFULLY THIS WILL REACH AS MANY EVENTUALLY AS MY LETTER ABOUT SOCIAL SECURITY HAS SO FAR.

(OVER **10,150 + emails & Calls** HAVE RESPONDED TO ME DIRECTLY) (not counting over 2200 to publisher@toomuch-bs.com) .

LET'S TALK ABOUT OUTSOURCING. Who is credited with starting it, when, and for what reasons?

HAVE YOU EVER -- called a company and tried to get service for a computer product? (or)

HAVE YOU EVER -- called your telephone company for repair or information? (or)

10/8/2009

HAVE YOU EVER -- CALLED ANY BUSINESS, WARRANTY, OR ANY OTHER CORPORATE ORGANIZATION PHONE NUMBER ONLY TO REACH SOMEONE SOMEWHERE THAT NO MATTER HOW HARD YOU TRIED -- YOU COULD NOT UNDERSTAND THEM?

HAVE YOU EVER -- explained to that person (WHO COULD NOT UNDERSTAND YOU EITHER) that you would like to speak to some one "TRULY FLUENT IN ENGLISH WHO DID NOT SPEAK WITH AN ACCENT SO PRONOUNCED"?

HAVE YOU EVER -- experienced the impolite and self-serving attitude of that person in INDIA - TAIWAN - MALAYSIA - THE PHILIPPINES, MEXICO and may more?

(I choose these mainly as they are the predominant countries involved with Outsourcing, and receiving the most benefits from the United States businesses, and government sources. **(WAIT A MINUTE BEFORE YOU START YELLING OBAMA IS GIVING AWAY EVERYTHING - we will get to this in a bit).**

If you answered yes to any of the above and probably a thousand more you can think off, place the blame exactly where it belongs, and it is not with OBAMA. (attached are two pages of biography of the person -- according to many search engines and sources -- credited with originating outsourcing on the grand scale it is today). None other than our former VICE PRESIDENT RICHARD BRUCE CHANEY. No he did not start it when he was vice president. He only caused it grow with unrestricted energy due to his efforts in the "FREE TRADE ACT". **(again we will get to this in a bit)**

INSTEAD OF LAYING BLAME, lets talk about the problem, the results, and finally the cure.

THE PROBLEM: Most of the time you cannot understand the person you are talking to, and they don't understand you. Additionally their false politeness of (PLEASE LET ME THANK YOU AGAIN FOR LETTING ME HELP YOU) which is usually said after each sentence, **"Makes you want to PUKE"**.

THE PROBLEM: 82% of the jobs lost over the **PAST 28 YEARS**, have been the result of outsourcing **AMERICAN JOBS TO FOREIGN COUNTRIES.** With the administrations of **"STARTING AT RONALD REAGAN"** (1) Reagan, (2) G.H.W. Bush (3) Clinton, (4) G.W. Bush, our jobs have been shipped (VIA NEGOTIATED CONTRACTS INSTITUTED, SOLICITED AND ENDORSED BY THE GOVERNMENT OF THE US) we are going homeless, foodless, medical insurance-less, and so many other **"LESS'S"** you can't count them.

DO YOU KNOW: That not only are we losing jobs to these 3rd world countries, the government (AGAIN UNDER AGREEMENTS) is paying for the training, as well as insurances and residences of the people they are giving our jobs to. The exact statement that has been the total government tag line since 1981 **"WE ARE HELPING THEM GROW TO SAVE AMERICAN JOBS"**. Why not ask any automobile worker, or computer worker in the US, how much this great outsourcing is **"HELPING SAVE AMERICAN JOBS BY SENDING THEM TO INDIA, or ELSEWHERE"**.

LET ME ASK YOU --- DO THE WORDS

"TOO MUCH-BS" -- RING A BELL?

www.toomuch-bs.com

OK NOW BACK TO CHANEY and OBAMA

Richard Bruce Chaney, Former CEO OF HALLIBURTON INDUSTRIES, and associate of Presidents RONALD REAGAN, GEORGE HERBERT WALKER BUSH, and GEORGE W. BUSH, has been given the dubious honor of being named the person who designed outsourcing under the Reagan Administration. At that time it was for low interest, non-security materials that no US company really wanted.

Then in the 1st President Bush's administration, DICK CHANEY began manipulating OIL CONTRACTS AND OIL LEASES THRU HALLIBURTON INDUSTRIES, and further upped the involvement of OUTSOURCING OIL INDUSTRY JOBS AND MATERIALS to Saudi Arabia, IRAQ -- **"YES I SAID IRAQ" & IRAN"**. That worked so well that we lost over 700,000 jobs in the Oil Industry to outsourcing, but it saved American Jobs -- **"CHANEY MOVED HALLIBURTON INDUSTRIES HEADQUARTERS TO SAUDI ARABIA THEN DUBAI - but kept most of the top level US managers, and just shipped them to Saudi"**.

That worked so well the Bush, Clinton and finally **BUSH II** started outsourcing COMPUTER PROGRAMMING, AS WELL AS U.S. NATIONAL SECURITY ISSUES FOR COMPUTER HARDWARE AND "TOP SECRET EQUIPMENT" TO **CHINA, INDIA, and TAIWAN. (AS WELL AS SECURITY FOR ALL OFFICIALS TO A COMPANY HE AND G.W.B. FORMED CALLED "BLACKWATER")**. When the IRAQI government Ordered Blackwater out of the country for criminal activities, The name was changed and the people stayed but under contract directly to the CIA. (where G.H.W.B's job before becoming VP under Reagan)

Enough of the Chaney Bashing, he is gone - (IN A PIGS BEHIND) from the scene. **Blackwater, Halliburton both still exist -- both are still under the**
